

Master of Performance

2 star chef receives the MKN KüchenMeister

The „**Comme chez Soi**“ opens again, after the whole of August was devoted to construction work to celebrate its' 80 birthday in a new sophisticated kitchen.

The centrepiece is a brand new MKN range from Germany. Beautiful like a sculpture and from an incomparably high standard of professionalism the **MKN KüchenMeister** was delivered in a single piece, 5,10 m in length and weighing 1,2 tons.

The result is spectacular and worthy of the recipes created by **Lionel Rigolet**, son-in-law of **Pierre Wynants**.
