Alfons Schuhbeck enthuses at the MKN stand in Salzburg

The numerous visitors at the trade fair "Alles für den GAST" in Salzburg were able to experience the TV and star chef Alfons Schuhbeck live on two days at the MKN exhibition stand.

The star chef from Munich did not only give interesting presentations on the topic "Spices", but he also provided samples of his excellent culinary artistry, which he conjured up together with the MKN chefs.

MKN, the German premium specialist for thermal professional cooking technology, presented alone at the "Alles für den GAST" four custom made "„KÜCHENMEISTER" premium cooking blocks, which, at the end of the trade fair, immediately found their place in the kitchens of top class Austrian hotels and restaurants.
